

## **AMENDMENT #1 TO RFP # 2021-MBI-01**

**Request for Proposals for Establishing Community WiFi Hotspots in Gateway Cities and the Outer Cape**

**Date Issued: December 23, 2020**

**The following language shall be added to the end of Section 2.1 Overview:**

### **Eligible Respondents**

A Municipality may respond to this RFP if the town or city has partnered with a provider that will supply the internet connectivity for the hotspot(s). In this instance, the municipality must still comply with the submission requirements in Section 3.1 of the RFP.

### **Eligible Expenses**

MassTech wishes to clarify that Respondents may include in the proposed budget the following costs under Section III - Other Costs in the Budget Template in Attachment C to the RFP: reasonable, out-of-pocket, incremental costs related to compliance with Massachusetts COVID-19 protocols, including safety measures, such as plexiglass dividers or shields and costs and personnel costs for individuals tasked with enforcing compliance with social distancing protocols in indoor hotspots.

**The following language shall be added to the end of Section 5.2 Posting of Modifications/Addenda to RFP:**

**MassTech reserves the right to add additional towns or cities to this RFP after the initial proposal submission deadline has passed.** MassTech will issue an addendum/amendment to the RFP that will include a new schedule for the submission of proposals. MassTech will notify prior Respondents of the issuance of the addendum/amendment. The addendum/amendment will also be posted to the MassTech website and COMMBUYS.
