

TECH COMPANIES: SEEKING FUNDS FOR INTERNS?

Supported by the Healy-Driscoll Administration and the Massachusetts Legislature, the **MassTech Intern Partnership (MTIP)** program provides stipends to digital technology companies that are starting and scaling-up across Massachusetts to directly support internships for Massachusetts college and graduate students.

The program enables companies to hire interns, helping drive innovation and keeping our tech sector dynamic, vibrant, and growing across the Commonwealth. **Companies can be reimbursed for up to 50% of the intern's hourly wage up to \$8 per hour for a total of \$3,200/year per individual intern.** This year, eligible Cybersecurity, Digital Health, Fintech, Quantum Technology, and Robotics companies **may apply for up to 3 interns per program period.** All interns must be compensated as employees, not contractors, with required payroll withholdings.

SUMMER INTERNSHIP PROGRAM: MAY 2024 - SEPTEMBER 2024

MTIP WILL BEGIN ACCEPTING APPLICATIONS ON APRIL 1, 2024

COMPANY ELIGIBILITY:

- Must be headquartered in Massachusetts;
- Have 250 or fewer employees;
- Work in the digital technology sector: **CYBERSECURITY, DIGITAL HEALTH, FINTECH, QUANTUM TECHNOLOGY and ROBOTICS** (priority sectors), or **OTHER**;
- Hire a talented eligible intern this summer; and
- Pay the intern as a W-2 employee with required payroll withholdings.

"OUR INTERNS GET THEIR HANDS IN EVERYTHING. We start them out on tasks that they can handle, but by the end of their terms we've had interns get intimately **INVOLVED IN EVERY ASPECT OF MAKING OUR PRODUCT.**" - Sarah Haig, Co-Founder, Silverside Detectors, Cambridge, Mass.

The MTIP program is funded through the support of the Commonwealth of Massachusetts, the Healy-Driscoll Administration, and the Massachusetts Legislature.
